WHAT IS A PRE-SET PROGRAM?
A pre-set program is a program in which you do not need to register for courses – RDC will do this for you after you have been granted admission. You will be able to view your schedule through your Loop account in the spring. Please note pre-set schedules are subject to change until mid-August. Be sure to review your schedule to ensure you are not registered in a course you have previously completed.

IMPORTANT:
• Only full-time programs are pre-set. Students accepted in one of the following programs on a part-time basis will need to register in courses themselves.
• Unless otherwise noted, only students beginning in the Fall term have pre-set schedules. Students admitted to begin classes in Winter or Spring term will need to register in courses themselves by following their program’s Academic Planning Guide.
• Only on-campus programs have pre-set schedules. Online/distance students must register in courses themselves by following their program’s Academic Planning Guide.

SCHOOL OF ARTS AND SCIENCES
artsscienceinfo@rdc.ab.ca | 403-342-3585 ext. 1
• Bachelor of Science in Engineering
• Justice Studies Diploma
  Note: first year is pre-set, subsequent years are not
• Social Work Diploma
  Note: first year is pre-set, subsequent years are not
