**Buying Group**: is formed when two or more members combine their purchasing requirements and activities into one joint procurement process. Buying Groups may involve a variety of entities and can be a:
- cooperative arrangement in which individual members administer the procurement function for specific contracts for the group, or

**Competitive Bidding**: a publicly conducted purchasing process where requirements are made known and open to all desiring to participate. This process is conducted by Financial Services in consultation with the Division/School.

**Spending Authority:** a power delegated to select College positions to authorize expenditures up to a specific amount.

**GUIDELINES:**

**AUTHORITY**
1. Financial Services is primarily responsible for purchases at RDC. Authority to make most purchases is delegated to departments in situations where the Purchase Value is below the Competitive Bidding threshold and RDC service departments are not required to be used. Departments completing purchases are to ensure that they are compliant with this Policy and the guidelines set out by Financial Services.

2. RDC service departments that provide expertise, assistance and complete the acquisition for certain types of purchases are listed in Appendix A.

**BUDGET AND APPROVAL**
3. All purchases are subject to available budget funds and must be approved by the proper Spending Authority.

4. Continual supply of goods and/or services should be awarded for a maximum of a five-year initial term. Any continued supply in excess of five years must be pre-approved by the appropriate Vice President.

**DESIGNATED SUPPLIERS**
5. RDC has entered or may enter into agreements for the purchase of certain goods and services from designated suppliers to leverage the institution’s purchasing power or to realize savings and efficiencies. All RDC employees must adhere to these agreements as outlined in Appendix B.

**BUYING GROUPS**
6. RDC may join or form a Buying Group. When RDC participates in a Buying Group, it shall ensure that any procurement undertaken is carried out in a manner consistent with RDC’s obligations under legislation, regulation, and law.

**ETHICS AND ACCOUNTABILITY**
7. RDC has a responsibility and obligation to conduct its purchasing activities with transparency ensuring openness, non-discrimination, and non-circumvention (of legislation). Purchasing activity is subject to public scrutiny, so RDC ensures that high levels of ethical behavior are adhered to during the process, in keeping with RDC’s Employee Code of Conduct, Conflict of Interest, and Conflict of Commitment policies.

8. Guidance on conflict of interest in the purchasing process including identification, disclosure, and management is found in the Purchasing Manual.

**RECORDS**
9. Financial Services is the custodian of all original competitive bidding documents, contracts, vendor invoices, and other documents related to purchasing activities.
10. Suppliers shall be informed that RDC is subject to the *Freedom of Information and Protection of Privacy Act* (FOIP) which has implications for records created or obtained during the purchasing process.

**COMPLIANCE**

11. Non-compliance with this policy may create risk for RDC, which could impact its reputation, legislative compliance and legal obligations. Failure to comply with this policy may result in loss of Spending Authority and/or purchasing privileges and/or disciplinary actions up to and including dismissal.

**PROCEDURE:**

**CONFLICT OF INTEREST DISCLOSURE**

1. Prior to or during the purchasing process, individuals/departments that are involved must declare and disclose any conflicts of interest. When in doubt they should err on the side of caution and disclose any concerns. Disclosure is to be made to Manager of Risk Services & Procurement and/or the Director of Financial Services in addition to any disclosure made under any other RDC policy or procedure.

**PURCHASING ACTIVITIES**

2. Purchases, other than those specifically exempted within this Policy, are to have price requests as per the following schedule, based on the total Purchase Value:

</tr>
</tbody>
</table>

*Quotes are always recommended to ensure best value, even if there is no competitive requirement.

Selection of suppliers through the Quoting Process is normally based on the lowest price. Where the lowest price is not selected by the buying department, acceptable rationale must be provided to Financial Services for review and approval prior to the purchase.

3. The price request process may be waived for purchases of any value in the situation of sole or single source. All single and sole source purchases must be in compliance with applicable legislation and follow the procedure outlined in the Purchasing Manual excluding the exceptions below:
4. Financial Services conducts and manages the Competitive Bidding process at RDC. At their discretion, they may conduct the Competitive Bidding process for purchases less than the identified thresholds in order to manage risk or to assess the value commitment over time. When in doubt, consult with Financial Services.

5. Knowingly or purposefully separating a purchase into smaller pieces with the intent to circumvent policies and procedures (known as purchase splitting) is strictly prohibited.

PURCHASING METHODS

6. The purchasing method used must be appropriate to the Purchase Value. Purchasing methods and their applications are identified in the Purchasing Manual.

7. Purchasing methods are required in all purchasing situations except the following:
   7.1. For emergency repairs due to operational safety requirements. Where possible, Financial Services must be notified in writing of these situations prior to the purchase;
   7.2. Legal, accounting, and notary services; and
   7.3. Acquisitions of all formats of library collection materials.

RECEIVING

8. All goods delivered to RDC should be received by Shipping and Receiving, with the exception of desktop delivery (where RDC has contracted a supplier to deliver goods directly to departments). Goods are primarily delivered to the Shipping & Receiving dock; however, for goods where this is not possible or practical (e.g. large items installed on location), prior arrangements must be made by the ordering department with Shipping & Receiving to confirm receipt.

9. For small incidental goods that are picked up and brought to RDC or where RDC has contracted for desktop delivery, a second person from the ordering department (other than the person who placed the order) needs to confirm the receipt of the goods.

10. Confirmation of the satisfactory performance of services is the sole responsibility of the ordering department.
